Date 15/07/2010

To Whom It May Concern:

The FCC statement:

"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation"

Is not placed in the label of the equipment due to the following reasons:

- Required text is already included in the user guide
- After this equipment is assembled, user is not easily able to see FCC text. (Normally the equipment is assembled to "out-of-sight" i.e. hidden from user. The FOCUS[®] 30 manual is the only end-user visible "part".)

This statement is placed in a prominent location in the instruction manual.

Please contact me if there is any information you may need.

If you have any questions, please feel free to contact me at the address shown below.

Thank you for your attention to this matter.

Sincerely,

Dr. Bernd Donath
Managing Director
